ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Assessments for the:

Covina Lighting District No. 1978-79

City of Covina
Los Angeles County, State of California

This Report identifies the parcels within the District and all relevant zones therein, as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this _____ day of _____, 2025.

Willdan Financial Services
Assessment Engineer
On Behalf of the City of Covina

I. INTRODUCTION

The Covina Lighting District No. 1978-79 (the “District”) was formed on November 20, 1978 in conformity with the requirements of the California Streets and Highways Code, Division 15, Part 2, Landscaping and Lighting Act of 1972, to finance the energy and maintenance costs of new streetlights installed by several commercial and residential developers. At that time, the commercial properties being developed were the Village Oaks site, the northeast corner of Citrus Avenue and Cypress Street, and the commercial area at the southwest corner of Azusa Avenue and Arrow Highway. The residential properties being developed were the areas at the north side of Cypress Street, 400 feet west of Bonnie Cove Avenue; the southwest corner of Traymore Avenue and Covina Boulevard; the east side of Citrus Avenue near Tudor Street; the south side of Walnut Creek Road at Hefner Hill Road; the northwest corner of Glendora Avenue and Wingate Street; and the southeast corner of Covina Boulevard and La Breda Avenue. The District was formed through a public hearing process and the properties within the District were designated Zone A for single-family residential and condominium units and Zone B for commercial, industrial and apartment properties.

In 1980, the City expanded the District to include all developments that may or may not be required to install new streetlights, but were required to construct public improvements adjacent to the property being developed, except when the development did not increase the existing floor area by fifty percent pursuant to the regulations of Chapter 11 of the Covina Municipal Code. Although a citywide District was not implemented, it was the City’s intent to work toward incrementally expanding the District to cover the entire City.

In December 1988, the District was expanded by annexing (through public hearing proceedings) parcels east and west of Azusa Avenue from Arrow Highway to 600 feet south of Badillo Street. These properties included both residential and commercial development areas. A number of parcels were annexed to the District when streetlights were installed in conjunction with utility under-grounding projects such as in the downtown area along San Bernardino Road from Second Avenue to Grand Avenue and along San Bernardino Road from Rimsdale Avenue to west of Lark Ellen Avenue. Parcels were also annexed to the District in connection with City-sponsored street projects such as along Cypress Street west of Sunflower Avenue; along San Jose Avenue from Badillo Street to Rowland Street; along Citrus Avenue from Puente Street to Rowland Street; and in the Prospero Drive area south of San Bernardino Road. These annexations were in areas where the property owners requested that streetlights be installed in their blocks with the owners paying for the installation of the streetlights. Subsequent annexations to the District included similar projects and developments, but also included various individual residential and commercial properties that were annexed to the District as a condition of property improvements (building permits). This process of annexation resulted in the existing District that represents approximately 35 percent of the parcels within the City.

In Fiscal Year 2008/2009, the City initiated and conducted a property owner protest ballot proceeding for a proposed assessment increase. The proposed assessment increase was not approved by property owners; therefore, the maximum assessment rate remained the same as previously approved.

Currently, the General Fund pays approximately \$143,768 toward the energy cost of the streetlights within the District.

The City has determined that the existing District assessments are currently exempt from the procedural requirements of California Constitution Article XIID (“Proposition 218”) based on the following findings:

Pursuant to Section 5(a) of the text of the California Constitution Article XIID, any existing assessments used to finance capital and maintenance costs for streets is exempt from the procedural requirements of Section 4. In *Howard Jarvis Taxpayers Association v. City of Riverside*, the Fourth District Court of Appeal concluded that streetlights fall under the definition of streets.

According to California Government Code Section 53753.5(c)(2), the definition of procedural requirements set forth in Proposition 218 includes the requirement to separate general and special benefits. By virtue of this definition, a benefit analysis is not required for the Covina Lighting District until the assessments are increased.

This Engineer’s Report (hereafter referred to as the “Report”) describes the District, any proposed changes to the District and the assessments for Fiscal Year 2025/2026. The proposed assessments are based on the City’s estimated cost to maintain the improvements that provide special benefit to properties within the District. The various improvements within the District and the costs of those improvements are identified and budgeted separately for each Zone, including all expenditures, deficits, surpluses, revenues, and reserves. Each parcel within a Zone is assessed proportionately for only those improvements provided in that Zone from which the parcel receives special benefit.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessment Number by the Los Angeles County Assessor’s Office. The Los Angeles County Auditor/Controller uses Assessment Numbers and specific Fund Numbers, to identify on the tax roll, properties assessed for special district benefit assessments.

Upon conclusion of a noticed Public Hearing, the City Council will consider all testimony and written protests presented and will direct any necessary modifications to the Report and approve the Report as submitted or amended. Following final approval of the Report, the City Council will by resolution, order the improvements to be made, and confirm the levy and collection of assessments pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year 2025/2026. The assessments as approved will be submitted to the Los Angeles County Auditor/Controller to be included on the property tax roll for each parcel for the fiscal year.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate described in this Report and approved by the City Council.

II. CHANGES TO THE DISTRICT

As of this Report, Annexation 83 is currently in process and described in a separate Engineer's Report. The levy and collection of assessments against lots and parcels within Annexation 83 is anticipated to commence in Fiscal Year 2025/2026.

III. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities. The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment.
- The costs of printing, advertising, and the publishing, posting and mailing of notices.
- Compensation payable to the County for collection of assessments.
- Compensation of any engineer or attorney employed to render services.
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

As generally defined by the Act, the improvements and the associated assessment for each Zone may include the following:

- The maintenance and operation of streets and sidewalks within the District, including the maintenance and servicing of streetlights, traffic signals, and appurtenant facilities located in and along public streets, roadways and rights-of-way in the City.
- “Maintenance” means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the streetlights, traffic signals and appurtenant facilities, including repair, removal or replacement of all or part of any streetlights, traffic signals, or appurtenant facilities and the cleaning, sandblasting and painting of streetlights, traffic signals, and appurtenant facilities to remove or cover graffiti.
- “Servicing” means the furnishing of electric current or energy, gas or other illuminating agent for the streetlights, traffic signals, and appurtenant facilities.

IV. PLANS AND SPECIFICATIONS

The District was established to collect funds to cover the expenses for energy and maintenance of streetlights in the City. These costs are billed by the Southern California Edison Company for all District streetlights currently owned and maintained by Edison (approximately 1,247 streetlights) and all District streetlights owned by the City (approximately 215 streetlights).

Locations of all streetlights for the District are included in a database at the City. Maps consisting of 81 sheets defining areas to be assessed are on file in the office of Public Works and by reference are made part of this Report. The areas shown on the maps are the original Covina Lighting District No. 1978-79 plus the areas included in Annexation Nos. 1 through 7, 9 through 21, 23 through 27, 29 through 33, 35 through 42, 44, 47, 51 through 59, and 61 through 82. The Los Angeles County Assessor's Maps, copies of which are in the City of Covina Engineering Division's office are made a part hereof.

V. REVENUE AND EXPENSE STATEMENT

	Zone A	Zone B	Total ⁽¹⁾
Proposed Expenses			
Delivery and Maintenance	\$111,819	\$151,822	\$263,642
Engineering Services	2,720	4,080	6,800
Administrative Overhead	2,924	4,385	7,309
Legal Notices	80	120	200
Property Tax Administrative Fees	400	600	1,000
Expense Total	\$117,943	\$161,008	\$278,951
Estimated Revenues			
Proposed Assessment Revenue	\$60,882	\$74,301	\$135,183
General Fund Contribution	57,061	86,707	143,768
Revenue Total	\$117,943	\$161,008	\$278,951
Benefit Units (BUs)	2,927	27,519	
Proposed Assessment Rate	\$20.80/Unit	\$2.70/BU	
Fund Balances			
Projected Balance, June 30, 2025			\$0
Estimated Revenues			\$278,951
Proposed Expenses			(\$278,951)
Estimated Balance, June 30, 2026			\$0

⁽¹⁾ Totals subject to rounding differences.

VI. ESTIMATE OF ASSESSMENT RATES

There are two Zones in the Covina Lighting District No. 1978-79, designated as Zones A and B. Zone A is comprised of single-family residences and condominium units. Zone B is comprised of commercial and industrial properties as well as apartments and similar multifamily residential properties. The assessments are for the costs of providing street lighting in these two zones.

This Report proposes a \$143,768 contribution from the General Fund to the District to finance part of the 2025/2026 expenses. Without a General Fund contribution, an assessment increase (rate increase) would be required above the current maximum assessment rates approved and authorized. Any rate increase needs to be submitted to the affected property owners for approval. The proposed rates for Fiscal Year 2025/2026 are \$20.80 per Unit for Zone A and \$2.70 per Benefit Unit for Zone B. Benefit Units (BUs) are calculated per thousand square feet of land area for Zone B.

VII. BREAKDOWN OF EXPENSES

The following tables show the breakdown of expenses related to the Edison-owned streetlights and City-owned streetlights. The Monthly Unit Cost rates have been updated based on the latest Southern California Edison utility bill.

Edison-Owned		Zone A		Zone B		Total
Delivery and Maintenance	Monthly Unit Cost	Units	Annual Cost	Units	Annual Costs	Annual Cost
20.01 - 25W	\$12.20	5	\$732	2	\$293	\$1,025
25.01 - 30W	\$12.26	4	588	0	0	588

IX. DISTRICT DIAGRAM

The diagram provided on the following page shows the existing exterior boundaries of the District, and the location and parcels that receive special benefits from the streetlight improvements to be provided and maintained. The lines and dimensions of each lot, parcel, and subdivision of land within the District, are inclusive of all parcels listed in Part X – Assessment Roll of this Report and the corresponding Los Angeles County Assessor's Parcel Maps for said parcels as they existed at the time this Report was prepared and shall include all subsequent subdivisions, lot-line adjustments, or parcel changes therein. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District.
